

Material Safety Data Sheet

Issue date: January 2015

1. IDENTIFICATION OF THE MATERIAL AND SUPPLIER

Product Name: Dry Medium Lang Lang Sand (0.5,1,3,5,7(gravel)mm).

Codes: MDM25, MDM50

Use: Educational, Decorative and Professional Painting.

Emergency number Mon-Fri 9am -5pm

Tel: +61 2 9736 2022

Manufacturer:

Derivan Pty. Ltd.

ABN 36 003 273 925

23 Leeds Street

Rhodes 2138

AUSTRALIA

Tel: +61 2 9736 2022

Fax: +61 2 9736 3637

2. HAZARDS IDENTIFICATION

Hazard Classification: Non-hazardous. Non-dangerous Goods.

According to the Criteria of NOHSC and the ADG Code.

Hazard Category: None allocated as non hazardous.

Risk Phrases: None allocated as non hazardous.

Safety Phrases: S22 Do not breathe dust.

S38 If insufficient ventilation, wear suitable respiratory equipment.

Warning Statement: This product contains a small proportion of Respirable crystalline silica as quartz (<1%). Crystalline silica has been classified by the International Agency of Research on Cancer (IARC) as carcinogenic to humans by inhalation. Furthermore, crystalline silica can cause silicoses or other lung diseases on prolonged exposure.

3. COMPOSITION / INFORMATION ON INGREDIENTS

SUBSTANCE NAME	PROPORTION	CAS NUMBER
Quartz	99%	14808-60-7
Contains <1% respirable crystalline silica and the form of quartz.		

4. FIRST AID MEASURES

First Aid is not generally required. If in doubt, contact a poisons information centre (Aust. ph 131126 : NZ 0800 764 766) or a doctor.

Inhalation: Move to fresh air. Ensure airways are clear. Keep at rest. Seek medical attention.

Eyes: Flush with water for several minutes. If irritation persists seek medical attention.

Skin: Wash affected area. If irritation persists seek medical attention.

Ingestion: Do not induce vomiting. Rinse mouth with water; give as much water as can be comfortably consumed. Seek medical attention if symptoms develop.

ADVICE TO DOCTOR: Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media: Use water, dry chemical, carbon dioxide or foam.

Unusual Fire and Explosion Hazards: No particular fire and explosion hazards associated with this product.

Warning Statement: None – Not combustible.

Hazards from Combustion Products: None – Not combustible.

Precautions for Fire Fighters and Special Protective Equipment: None – Not combustible.

Hazchem Code: None allocated.

Flammability: This material is not flammable.

6. ACCIDENTAL RELEASE MEASURES

Emergency Procedures: Avoid contact with skin and eyes. Do not breathe dust. Material may be slippery when spilt. Walk cautiously.

Dangerous Goods - Not applicable.

Methods and Materials for Containment and Clean-up Procedures: In case of gross spillage wear protective equipment to avoid inhalation and to prevent skin and eye contact. Vacuum, shovel, sweep or mop up. Avoid raising dust clouds.

7. HANDLING AND STORAGE

Precautions for Safe Handling: Avoid direct contact with eyes or prolonged contact skin. Wear appropriate protective equipment to prevent eye contact. Avoid creation of dust. Handle and use in accordance with good occupational hygiene and safety practice.

Conditions for Safe Storage: Store in an area that is cool, dry and out of direct sunlight with adequate ventilation.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

National Exposure Standards: No exposure standards are available for this product; however, the following exposure standards have been assigned by the National Occupational Health & Safety Commission (NOHSC) to the following components of the product:

QUARTZ
[TWA] 0.1 mg/m³

Biological Limit Values: Not known.

Engineering Controls: Maintain adequate ventilation at all times. In most circumstances natural ventilation systems are adequate.

Personal Protection Equipment:

Eye/Face Protection: Safety glasses with side shields, goggles or full-face shield as appropriate are recommended. Final choice of appropriate eye/face protection will vary according to individual circumstances i.e. methods of handling or engineering controls and according to risk assessments undertaken. Eye protection should conform to Australian/New Zealand Standard AS/NZS 1337

Respiratory Protection: Avoid breathing of dusts; ensure adequate ventilation. Respiration is generally unnecessary. Where breathing apparatus is required, use either respirator with a replaceable particulate filter, or a Self-Contained Breathing Apparatus (SCBA) with positive air supply. All breathing apparatus to comply with AS/NZS 1715/1716.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Off white to light brown crystals.

Odour: Odourless.

Boiling Point: Not applicable.

Vapour Pressure: Not applicable.

Specific Gravity: 2.65

Flash Point: Non Allocated – Non Combustible.

Flammability Limits: Not applicable.

Solubility in Water: Insoluble.

pH: Not applicable.

10. STABILITY AND REACTIVITY

Chemical Stability: Stable under normal storage and handling conditions.

Hazardous Decomposition Products: None.

Hazardous Reactions: Hazardous polymerization will not occur.

Incompatible Materials: None.

Conditions to Avoid: None.

11. TOXICOLOGICAL INFORMATION

Respirable crystalline silica (particle size smaller than 7 micrometers), is regarded as a danger to health by prolonged exposure through inhalation. Repeated, prolonged or concentrated inhalation of respirable crystalline silica dust may lead to silicosis, a serious lung disease. Symptoms and effects that may arise if the product is mishandled and overexposure occurs are:

Acute Health Effects:

Ingested: Ingestion of large amounts may irritate the gastric tract causing nausea and vomiting.

Eye: May cause mechanical irritation.

Skin: May cause mild irritation in the case of some individuals with sensitive skin.

Inhaled: May cause the drying and irritation of the respiratory tract. Acute aspiration may cause cough, dyspnea, sneezing, vomiting, cyanosis, and pulmonary edema which may be delayed by up to several hours.

Chronic Health Effects:

Repeated, prolonged or concentrated inhalation of fine dust may cause delayed lung injury. Breathing of fine dust may cause shortness of breath, and aggravate asthma and inflammatory or fibrotic pulmonary disease. Prolonged or repeated contact with the skin in the absence of proper hygiene may cause dryness and dermatitis. This product contains a small proportion of Respirable crystalline silica as quartz (<1%). Crystalline silica has been classified by the International Agency of Research on Cancer (IARC) as carcinogenic to humans by inhalation. Furthermore, crystalline silica can cause silicosis or other lung diseases on prolonged exposure.

12. ECOLOGICAL INFORMATION

Ecotoxicity: Not known.

Mobility: Not known.

Persistence / Degradability: Not known.

13. DISPOSAL CONSIDERATIONS

Waste Disposal Method: Dispose of dry product to usual/household waste stream.

Container Handling and Disposal: When containers are empty, residue can be washed out and the containers disposed of via general/household recycling stream.

14. TRANSPORT INFORMATION

UN Number: None allocated

UN Proper Shipping Name: None allocated

Dangerous Goods Class: None allocated

Subsidiary risk: None allocated

Packing Group: None allocated

Hazchem Code: None allocated

Road and Rail Transport (ADG): Not classified as a Dangerous Good according to the Australian Code for the Transport of Dangerous Goods by Road and Rail (ADG Code) for transport by road and rail.

Marine Transport (IMO/IMDG): Not classified as a Dangerous Good according to the International Maritime Organization Rules (Maritime Dangerous Goods Code - IMDG Code) for transport by sea.

Air Transport (ICAO-IATA): Not classified as a Dangerous Good according to the International Civil Aviation Organization (ICAO) and International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air. Note: May vary from country to country.

15. REGULATORY INFORMATION

SUSDP: not scheduled

Inventory Status:

Australia (AICS) All ingredients are on the inventory or exempt from listing.

United States (TSCA) All ingredients are on the inventory or exempt from listing.

16. OTHER INFORMATION

Date of Preparation: 25.01.2015

Issue date: 27.01.2015

Reasons for Update: General update.

Key Legend Information:

NOHSC - National Occupational Health & Safety Commission

ADG Code - The Australian Dangerous Goods for the Transport of Dangerous Goods by Road and Rail, (ADG Code)

TWA - Time Weighted Average

STEL - Short Term Exposure Limit

EPA - Environmental Protection Agency
